

# Stormwater Utility City of Dahlonega

## Legend

-  Hard Impervious
-  Partially Impervious
-  Single Family Residential

Hard Impervious Surfaces include rooftops, driveways, sidewalks, parking lots, roads, and other surfaces that prohibit the infiltration of rainfall into the ground

Partial Impervious Surfaces include compacted soil and gravel and is billed at a lower rate (85%) since it does allow for minimal infiltration of water

1 inch = 300 feet
