CITY OF DAHLONEGA ORGANIZATION CHART September 30, 2017

February 9, 2018

TO THE HONORABLE MAYOR, MEMBERS OF THE COUNCIL, AND CITIZENS OF THE CITY OF DAHLONEGA:

We are pleased to present the Comprehensive Annual Financial Report of the City of Dahlonega for the fiscal year ended September 30, 2017 to the City Council, the Mayor and the citizens of Dahlonega. Georgia Code requires that every generalpurpose local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This is the ninth Comprehensive Annual Financial Report published to fulfill that requirement.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls that it has established for this purpose. Since the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

Georgia Code requires an annual audit by independent certified public accountants. The City selected Rushton & Company, Certified Public Accountants to perform the annual independent financial statement audit for fiscal year 2017. The audit issued an unmodified opinion for the 2017 fiscal year which is included within this document.

Generally accepted accounting principles require that management provide а narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This of transmittal is designed letter to complement the MD&A and should be read in conjunction with it. The City of Dahlonega's MD&A can be found immediately following the auditor's report in the financial section of this report.

PROFILE OF THE GOVERNMENT

The City of Dahlonega, the county seat of Lumpkin County, is located in the foothills

of the Northeast Georgia Mountains, approximately 70 miles northeast of Atlanta. As of 2016, the US Bureau of the Census estimated the population of Dahlonega to be 6,437. Dahlonega was incorporated December 21, 1833 and was the site of the first major gold rush in the United States. A US Branch Mint minted Half Eagle, Quarter Eagle, the Gold Dollar and the Three Dollar Gold Coin here between 1838 and 1861.

The City of Dahlonega is a welcoming community people diverse for of backgrounds, interest, goals and ideals. Our award-winning small town of meaningful rich history warmly receives several hundred thousand visitors a year and entertains hundreds of domestic and international guests daily. In 2016 the City was one of three national recipients of the Great American Main Street Award. This designation can only be attained once and recognizes the City as one of less than 100 nationally and four in the state of Georgia so designated.

We are privileged to be one of the smallest cities in the country to host a public university offering advanced degrees and a wide range of ideas. The five campus University of North Georgia, founded in 1873 in the abandoned US Mint Building, is based here and serves over 18,000 students system wide. It is one of only six senior military colleges in the country. We are also proud home to the US Army 5th Ranger Training Division and mountain phase of the US Army Ranger School. Our reputation and brand have been built over decades by the hard work of thousands of individuals.

The City of Dahlonega has been honored with being designated a Preserve America Community. It is one of thirty - eight communities in the State of Georgia to earn this designation. The City was awarded this honor due to its ongoing commitment to preserve its unique heritage and history. The City was also designated as a National Main Street Community as well as an Appalachian Trail Community and a Tree Community.

The government of the City of Dahlonega is vested in a City Council composed of a mayor and six council members. Each member serves a four-year term of office, and there are no limits on the amount of terms they may serve. The Council appoints a City Manager to supervise and coordinate all activities of the City. The City has the authority to levy property tax on both real and personal property located within its boundaries.

The City provides many services including a water and sewer utility, solid waste collection, recycling program, cemetery services, maintenance of highways and streets, recreational facilities, and tourism event sponsorship.

The Downtown Development Authority of Dahlonega (DDA), a legally separate entity, was created by the City to stimulate and sustain economic development in Downtown Dahlonega. The DDA works closely with downtown businesses and city leaders to ensure continued growth and investment into the downtown area while preserving its unique heritage.

The DDA is home to North Georgia Film (www.northgeorgiafilm.org), which was established in 2016 and is one of eight members of the Association of Film Commissioners International.

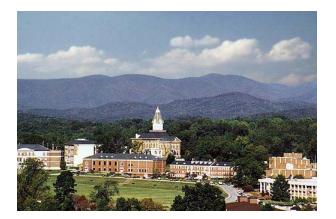

The City of Dahlonega develops and adopts a balanced budget for each fiscal year. The City Manager and the Finance Department develop this document which is submitted to the Mayor and City Council for adoption. The City includes all governmental funds (General, SPLOST, Multiple Grant, Hotel/Motel Tax, & Capital Projects), enterprise funds (Water/Sewage & Solid Waste), and component unit (Dahlonega Downtown Development Authority) in its budgeting process. Each fund is budgeted at the line item level but monitored at the legal level of control which is at the department level. The legal level of control is the level at which the budget must be balanced.

LOCAL ECONOMY

The economy within the City of Dahlonega is mainly based on tourism. For numerous reasons over the past several years, the tourism industry in Dahlonega has grown. With historic interests, outdoor recreational activities, five local wineries and vineyards, and twelve wine tasting rooms, Dahlonega attracts many different types of tourists. For several years, the City has dedicated 100% of the Hotel/Motel tax proceeds to promoting its number one industry.

Another important sector in Dahlonega's economy is the location of The University of North Georgia within the city limits of Dahlonega. The City supports over 7,000 resident and commuter students on the Dahlonega campus.

Dahlonega continues to show signs of recovery from the downturned economy with unemployment rates decreasing to 3.7% in 2017.

| | | Building |
|------|---------------|----------|
| | Unemployment | Permits |
| | (Lumpkin Co.) | (City) |
| 2017 | 3.7% | 137 |
| 2016 | 4.5% | 100 |
| 2015 | 4.8% | 78 |
| 2014 | 7.3% | 156 |
| 2013 | 8.3% | 175 |
| 2012 | 8.3% | 47 |
| 2011 | 10.3% | 47 |
| 2010 | 9.9% | 47 |
| 2009 | 11.5% | 69 |
| 2008 | 7.0% | 77 |

The number of building permits issued continues the positive trend. The housing and banking crisis had led to a continued slowing of much development within the City, but recovery appears to be sustained as developers are finishing projects and starting new ones.

LONG-TERM FINANCIAL PLANNING

Unassigned fund balance in the General Fund is \$2,586,085 or 69 percent of the 2018 annual revenue budget. The City maintains these funds to provide cash flow throughout the year and as a buffer against unforeseen events.

RELEVANT FINANCIAL POLICIES

The Council has adopted a comprehensive set of financial policies which guide and direct the Finance Department throughout These policies address fund the year. balances, the use of one-time revenues, of debt, purchasing issuance and cash and investment procurement, management, accounting practices, and water and sewer billing. These policies were

designed to provide assurance that the City is able to meet its fiduciary responsibility to its citizens. The Council reviews and updates these policies on an ongoing basis.

MAJOR INITIATIVES

The City is undertaking a thorough review of capital needs through a more formalized capital improvement planning process. FY 2016 budget began this assemblage of data, and the FY 2017 budget process bought more structure and revenue planning to the process.

Planning began in July 2015 on an extensive upgrade project at the City's Waste Water Treatment Plant. This \$3.3 million project is being funded by 2014 SPLOST revenue. Construction is under way with an estimated completion date of January 2018. Once complete, the community will reap the benefits of a modern facility that will assure clean water for many years to come.

As we rebound from the Recession, much attention is being placed on the City's infrastructure. The Capital Improvement Program includes plans for street repaving and improvement projects and many water and sewer line replacement projects. Due to the steep terrain that exists in much of our city, there is a need to address storm water issues, and storm drain improvements are included in the capital program.

The City continues to place importance on tourism. Our downtown and beautiful surroundings draw more and more visitors to Dahlonega each year. Downtown Dahlonega is one of the nation's foremost historic downtown centers. Shopping and dining choices are abundant.

Dahlonega is becoming a popular place for the film and entertainment industry, and plans are to grow in this area. The North Georgia Film Office provides a liaison between businesses, the film production industry and local and regional partner agencies in North Georgia.

AWARDS AND ACKNOWLEDGEMENTS

The City has submitted its last eight Comprehensive Annual Financial Reports to Governmental Finance Officers the Association's Certificate of Achievement for Excellence in Financial Reporting award The City was awarded the program. Certificate of Achievement for Excellence in Financial Reporting each of the eight years. To be awarded a Certificate of Achievement the government has to publish an easilyreadable and efficiently organized CAFR that satisfies both generally accepted accounting principles and applicable legal requirements. The City has made a commitment to the develop and cultivate citizens to а professional organization and this is one of many steps in achieving that goal.

A Certificate of Achievement is valid for a period of only one year. We believe that our current CAFR meets the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Comprehensive Annual Financial Report would not be possible without the constant efforts of the entire Finance Department staff. Appreciation is also expressed to the Mayor and Council for their support and dedication to providing the resources to deliver needed quality services and for improving the quality of life for Dahlonega's citizens.

Respectfully submitted,

miniput

Bill Schmid City Manager

Melody N. Marlowe

Melody N. Marlowe Finance Director

FINANCIAL SECTION

Independent Auditor's Report

Honorable Mayor and Members of the City Council City of Dahlonega, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dahlonega, Georgia, as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dahlonega, Georgia, as of September 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information on pages 20 through 27 and 78 through 81 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dahlonega, Georgia's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, the statistical section, and the schedule of projects financed with special purpose local option sales tax are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the schedule of projects financed with special purpose local option sales tax are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of projects financed with special purpose local option sales tax are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

We also have previously audited, in accordance with auditing standards generally accepted in the United States, the City of Dahlonega, Georgia's basic financial statements for the year ended September 30, 2016, which are not presented with the accompanying financial statements. In our report dated February 27, 2017, we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements as a whole. The individual fund financial statements and schedules related to the 2016 financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund financial statements and schedules related to the 2016 financial statements are the responsibility of management and were derived from and are related directly to the underlying accounting and other records used to prepare the 2016 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2016 individual fund financial statements from which they have been derived.

Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2018, on our consideration of the City of Dahlonega, Georgia internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Dahlonega, Georgia's internal control over financial reporting and compliance.

Rushton & Company, LLC

FINANCIAL SECTION

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Dahlonega, we offer readers of the financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2017. We encourage readers to consider the information presented here in conjunction statements, with financial the basic accompanying notes to those financial statements, and the additional information that we have furnished in our letter of transmittal, which can be found in the beginning of this report. All amounts, unless otherwise indicated, are expressed in whole dollars.

FINANCIAL HIGHLIGHTS

Government Wide Financial Statements

- At the close of the fiscal year, the assets of the City exceeded its liabilities by \$25,069,281. Of this, \$7,706,364 (30.7%) represents unrestricted net position which may be used to meet the City's ongoing obligations.
- At the close of the fiscal year, the net position of the City's governmental activities was \$10,685,067. This represents an increase of \$281,055 (2.7%) over the prior year net position balance for governmental activities.
- At the close of the fiscal year, the net position of the City's business-type activities was \$14,384,214. This represents an increase of \$2,533,913 (21.4%) over the prior year net position balance for business-type activities.

Fund Financial Statements

• As of the close of the current fiscal year, the City of Dahlonega's governmental funds reported combined ending fund balances of \$5,653,385, an increase of \$316,485 (5.9%) from the prior year. At the close of the fiscal year, the General Fund's unassigned fund balance, which is available for spending at the City's discretion, is \$2,586,085 or 45.7% of the governmental funds' combined ending fund balance.

• The General Fund had revenues of \$3,903,049 for the current fiscal year. Of this amount \$1,446,401 (37.1%) was from property taxes and \$826,802 (21.2%) was from sales taxes.

Debt Obligations

- The City did not have any long-term debt obligations from the governmental activities during fiscal year 2017.
- Long-term debt obligations from the business-type activities decreased by \$28,667 (-0.1%) from \$32,320,639 at September 30, 2016, to \$32,291,972 September 30, 2017.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis document is intended to serve as an introduction to the City of Dahlonega's basic financial statements. The basic financial statements include:

- 1. government-wide financial statements,
- **2**. fund financial statements, and
- **3.** notes to the financial statements.

Government Wide Financial Statements

The government wide financial statements of the City of Dahlonega are designed to provide the readers with a broad overview of the City's finances. This information is presented in a manner similar to a privatesector business. **Statement of Net Position** - presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, judicial, public safety, public works, culture and recreation, and housing and development. Business-type activities include a water and sewage utility and solid waste collection operation.

The government-wide financial statements contain not only the City (known as the primary government), but also a legally separate authority (Downtown Development Authority) for which the City is financially accountable. Financial information on this component unit is reported separately from the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 30 through 32 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into а single, aggregated presentation. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds. In addition to these statements this report also presents a budgetary comparison schedule. This section is presented on a generally accepted accounting principle This schedule is intended to basis. demonstrate the government's compliance with legally adopted and amended budgets.

Governmental Funds

The majority of the City's basic services are reported in the governmental funds, which focus on how cash and other financial assets flows in and out of those funds and the balances left at year-end that are available for spending. Governmental funds therefore provide information for a detailed shortterm view that help determine whether there are more or less financial resources that can be spent in the near future to fund the City's activities. Readers can compare information presented for governmental funds with information similar presented for governmental activities in the governmentwide financial statements. This comparison may help to communicate the long-term impact of the government's near-term financing decisions.

Reconciliations between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are provided following the governmental fund financial statements.

The City has three major and two non-major governmental funds. The City's major governmental funds are the General Fund, the Grants Capital Projects Fund, and the 2014 SPLOST Fund. The City's non-major governmental funds are the Hotel/Motel Tax Fund and the General Government Capital Projects Fund.

Proprietary Funds

The City maintains one of two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the governmentwide financial statements. The City uses enterprise funds to account for its water and sewage systems operations and its solid waste collection operation.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewage Fund and Solid Waste Fund.

The basic proprietary fund financial statements can be found on pages 38 through 42 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 44 through 76 of this report.

Other Information

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 84 through 121 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City's net position for governmental activities increased \$281,055, or 2.7%, during the year ending September 30, 2017. Net investment in capital assets decreased \$90,146, restricted net position decreased \$293,948, and unrestricted net position increased \$665,149. Unrestricted net position is available to finance governmental operations. The City maintains a large amount of its net position in cash to enable the City to have funds for emergencies and avoid short term borrowing.

Approximately 27.2% of the City's governmental activities revenues came from property taxes and approximately 43.0% came from sales and other taxes. Combined the City is dependent on taxes for approximately 70.2% of its governmental activities revenues.

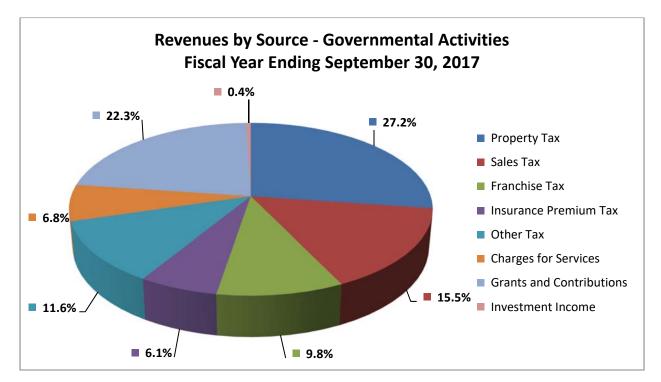

Net position for business-type activities increased \$2,533,913, or 21.4%. Restricted net position is presented at \$92,082. Unrestricted net position increased by \$912,883, or 42.5%. These funds are available to finance operations. The amount invested in capital assets (e.g. land, infrastructure, buildings, equipment, and other), less any related debt outstanding that was needed to acquire or construct the assets increased by \$1,616,070, or 16.8%. The City uses these capital assets to provide services to the customers of the City; consequently, this net position is not available for future spending. This net position represents a capital investment in the business-type activities of the City. The increase in this net position class is the investment in the Wastewater Treatment Plant upgrade which is being funded primarily by SPLOST revenue.

Following is a summary of the City's Statement of Net Position as found on pages 30 and 31 of this report.

The following chart illustrates revenues of the governmental activities for the fiscal year:

The following chart illustrates the expenses of the governmental activities for the fiscal year:

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows and outflows and the balance of resources available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the year, the City's governmental funds reported a combined ending fund balance of \$5,653,385, with \$77,552 reported as nonspendable, \$566,808 reported as restricted, \$2,422,940 reported as assigned, and the remaining amount of \$2,586,085 reported as unassigned.

The General Fund is the operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$2,586,085. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures for fiscal year 2017. Unassigned fund balance represents 83.4% of total General Fund expenditures. The net change in the General Fund's fund balance for the year ended September 30, 2017 was a slight increase of \$37,306. The stability is largely due to planned spending of unassigned fund balance in fiscal year 2018 for capital projects. The assignment to subsequent year's budget as of September 30, 2017, is \$771,597.

The Grants Capital Projects Fund is used to account for the collection and expending of grant proceeds for identified capital projects. Fund balance increased by \$844,673 from \$276,874 and is assigned or restricted for capital projects. The large increase is due to amounts received from Georgia Department of Transportation for road and streetscape improvement projects.

The 2014 SPLOST Fund is required by Georgia State law to account for the collection and expending of proceeds of a one percent Special Purpose Local Option Sales Tax. Of this one percent sales tax the City of Dahlonega receives 15.87%. The 2014 SPLOST fund generated revenues of \$524,795 and the fund balance at September 30, 2017 was \$0 as the City is transferring 2014 SPLOST fund balance to reimburse the Water and Sewage Fund for improvements at the Wastewater Treatment Plant.

Enterprise Funds

The Enterprise Funds are comprised of the Water and Sewage Fund and the Solid Waste Fund. The net change in the total Enterprise Funds' net position balance for the year ended September 30, 2017 was an increase before transfers of \$1,062,349 and after transfers an increase of \$2,533,913. The total net position for the Enterprise Funds at the beginning of the fiscal year was \$11,850,301 and net position at the end of the fiscal year was \$14,384,214.

BUDGETARY HIGHLIGHTS

The City revised the General Fund Budget at various times through the end of the fiscal year to reflect changes in estimated revenues and expenditures. Total amendments to the General Fund Budget increased revenues and other financing sources by approximately \$40,000 and increased expenditures and other financing uses by approximately \$271,850. The final budget reflected an anticipated \$707,978 use of prior fund balance with actual fund balance increasing by \$37,306.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

At September 30, 2017, the City reported \$45,774,269 in capital assets net of accumulated depreciation. This is an increase of \$2,330,974 or 5.4% over fiscal year 2016.

Additional information on the City's capital assets can be found in Note 8 in the Notes to the Financial Statements beginning on page 63 of this report.

At September 30, 2017, the City reported long-term debt of \$32,291,972 net of unamortized bond discounts. This is a decrease of \$28,667 or .09% under fiscal year 2016. Additional information about the City's long-term debt activity can be found in Note 9 in the Notes to the Financial Statements beginning on page 64.

In conclusion, the City of Dahlonega finished the year with an increase in total net position. Fiscal management has been sound while providing the services that the citizens expect and deserve.

This financial report is designed to provide a general overview of the City of Dahlonega's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to:

CITY OF DAHLONEGA, GEORGIA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the fiscal year ended September 30, 2017

| Net change in fund balances - total governmental funds | \$ 316,485 |
|--|---------------|
| Amounts reported for governmental activities in the statement of activities are different because: | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, | |
| the cost of those assets is allocated over their estimated useful lives and reported as depreciation | |
| expense. This is the amount by which capital outlays of \$206,257 exceed depreciation of | |
| (\$295,635) in the current period. | (89,378) |
| In the statement of activities, the gain/loss on the disposal of assets is reported, whereas in the | |
| governmental funds, the proceeds from the sale of capital assets increases financial resources. | |
| This is the amount by which the cost of disposed assets (\$21,474) exceeded related accumulated | |
| depreciation \$20,706. | (768) |
| Revenues in the statement of activities that do not provide current financial resources are not | |
| reported as revenues in the funds. These include recognition of unavailable revenue. | (1,006) |
| Governmental funds report pension contributions as expenditures. However, in the statement of | |
| activities, the cost of pension benefits earned net of employee contributions is reported as pension | |
| expense. This the amount by which pension contributions of \$124,338 exceed the cost of benefits | |
| earned net of employee contributions of (\$75,480). | 48,858 |
| Some expenses reported in the statement of activities do not require the use of current financial | |
| resources and are not reported as expenditures in governmental funds. These include the net | |
| change in compensated absences. | 6,864 |
| Change in net position of governmental activities | \$ 281,055 |

Proceeds from issuance of notes payable through intergovernmental receivables in the amount of \$365,280.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF GOVERNMENT UNIT

The City of Dahlonega incorporated under the laws of the State of Georgia in 1833. The City operates under a council/mayor form of government and provides the following services: public safety, street and sanitation, culture and recreation, public improvements and general and administrative services. In addition, the City operates a public utility (water and sewage) for the incorporated and immediate surrounding areas.

The City is governed by an elected seven-member council.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the primary government and its component units. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business- type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

B. Reporting Entity

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City of Dahlonega, Georgia (the primary government) and material component units. The component unit discussed below is included in the City's reporting entity because of the significance of its operational and financial relationship with the City. In conformity with generally accepted accounting principles, as set forth in Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, the financial statements of the following component unit have been included as a discretely presented component unit.

B. Reporting Entity, continued

City of Dahlonega Downtown Development Authority

The City of Dahlonega Downtown Development Authority was established as a legally separate entity, which operates pursuant to the Official Code of Georgia Annotated. The Authority consists of seven members appointed by the City Council, an executive director and three exofficio members. The Downtown Development Authority provides for the vitalization of the downtown area of the City of Dahlonega. In many respects, the Authority functions similar to a City department through regular participation in department director meetings, budget approval, accounting, payroll, etc.

The City of Dahlonega Downtown Development Authority is reported in a separate column to emphasize that it is legally separate from the City. Individual financial statements are presented as part of the City's Annual Financial Report in the sections labeled "Component Unit". The City of Dahlonega Downtown Development Authority has a September 30th year-end. Individual financial statements may be obtained by contacting the City of Dahlonega Downtown Development Authority, 465 Riley Road, Dahlonega, GA 30533.

C. Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds.

As discussed earlier, the government has one discretely presented component unit. While the Downtown Development Authority is not considered to be a major component unit, it is nevertheless shown in a separate column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, interfund services provided and used are not eliminated in the process of consolidation.

D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the government's funds. Separate statements for each fund category – governmental and proprietary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

General Fund - The general operating fund of the City is used to account for all financial resources except those required to be accounted for in another fund.

Grants Capital Projects Fund - This fund is used to account for long-term road improvement projects financed by Federal and State grants, along with contributions from the City. The City changed the name of this fund from Streetscape Capital Projects Fund during fiscal year 2017.

2014 *SPLOST Fund* - This fund is used to account for long-term projects financed by the passage of a special purpose local option sales tax.

The City reports the following major proprietary funds:

Water and Sewage Fund - This fund is used to account for activities connected with the development, operation and maintenance of water and sewage services in the City of Dahlonega.

Solid Waste Fund – This fund is used to account for activities connected with the collection and disposal of residential, commercial, industrial and institutional solid waste in the City of Dahlonega.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basis of Presentation - Fund Financial Statements, continued

Governmental Fund Types

Additionally, the City reports the following fund types:

Special Revenue Funds – This fund type is used to account for the proceeds of specific revenue sources that are legally or donor restricted to expenditure for specified purposes.

Capital Projects Funds – This fund type is used to account for financial resources to be used for the acquisition or construction of specifically planned projects (other than those financed by proprietary funds).

GASB Statement No. 34 eliminates the presentation of the General Fixed Asset Account Group and the General Long-Term Debt Account Group, but provides for these records to be maintained and incorporates the information into the Governmental Activities column in the government-wide Statement of Net Position.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Basis of Presentation – Fund Financial Statements, continued

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Component Unit

The City of Dahlonega Downtown Development Authority is accounted for using a current financial resources measurement focus and uses the modified accrual basis of accounting. Under this method, revenues are recognized when susceptible to accrual (i.e. when they both become measurable and available).

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

E. Measurement Focus and Basis of Accounting, continued

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expendituredriven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

F. Revenues and Expenditures/Expenses

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewage and Solid Waste Funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal services funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

G. Budgets and Budgetary Accounting

Formal budgetary accounting is employed as a management control for the General Fund, Special Revenue Funds, and Enterprise Funds. Annual operating budgets are adopted each fiscal year through approval by the Council. Each year about the middle of July, the City Manager submits a proposed budget to the City Council for their review. Prior to adoption, a public hearing is held to receive comment from the citizenry on the proposed budget. This hearing is publicized in the local newspaper one week before the hearing, and the budget document is made available for public inspection during this week. After the public hearing, the budget is then revised by the City Council and the first reading of the proposed budget is made.

At the next City Council meeting, the second reading of the proposed budget is made and the City Council votes to adopt the proposed budget. The annual operating budget is adopted no later than August 31 for the following fiscal year.

G. Budgets and Budgetary Accounting, continued

The annual budget for the General Fund and Special Revenue Funds are prepared in accordance with the basis of accounting utilized by that fund. The budget for the Enterprise Funds is adopted under a basis consistent with GAAP, except that depreciation, certain capital expenses, non-operating income and expense items are not considered. All unencumbered budget appropriations, except project budgets, lapse at the end of each year.

The legal level of budgetary control is the departmental level. Any increases in total appropriations of a department require approval and amendment of the budget by the City Council. Except as indicated on the major fund budgetary comparison statement, budget amounts included in this report are as amended as of September 30, 2017.

H. Cash and Investments

Cash and cash equivalents, as reported in the statement of cash flows, includes amounts in demand deposits, amounts with fiscal agents and investments with an original maturity at three months or less. Investments are reported at fair value with accrued interest shown under a separate caption on the balance sheet. Reinvested interest on certain debt service and capital project investments is included in the investment accounts.

I. Intergovernmental Receivables

Receivables for state, federal, and local governments are recorded as revenue for the period of the allocation or as earned based on expenditures made for which reimbursement is due.

J. Inventories

Inventories for the General Fund are valued at cost on the first-in, first-out method and recorded as expenditures when consumed. Inventories of all other funds are valued at cost on the first-in, first-out method.

K. Prepaid Items

Payments made to vendors for services that will benefit periods beyond September 30, 2017 are recorded as prepaid items. Prepaid items in the governmental funds are recorded as expenditures when consumed.

L. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

GASB Statement No. 34 required the City to report and depreciate new infrastructure assets effective with the beginning of the fiscal year ended September 30, 2004. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the City. Prior to October 1, 2007, neither their historical costs nor related depreciation had historically been reported in the financial statements. For entities the size of the City of Dahlonega, retroactive reporting of infrastructure assets was not required.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their acquisition value on the date donated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Capital Assets, continued

Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets ranging as follows:

| | Useful Life | Capitaliza | tion |
|-------------------------|-------------|------------|----------------|
| | in Years | Thresho | 1d |
| Buildings | 50 | \$ 5 | 5 <i>,</i> 000 |
| Distribution systems | 40 | \$ 5 | 5 <i>,</i> 000 |
| Infrastructure | 30 | \$ 5 | 5 <i>,</i> 000 |
| Building improvements | 20 | \$ 5 | 5 <i>,</i> 000 |
| Machinery and equipment | 10 | \$ 5 | 5 <i>,</i> 000 |
| Vehicles | 2-15 | \$ 5 | 5 <i>,</i> 000 |
| Furniture and fixtures | 3-15 | \$ 5 | 5 <i>,</i> 000 |
| Land improvements | 15 | \$ 5 | 5 <i>,</i> 000 |

All land will be valued and capitalized. The costs of normal maintenance and repairs that do not add value or materially extend the life of the asset are charged to operations as incurred. Costs of major additions and improvements are capitalized.

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City reports deferred outflows of resources related to their defined benefit pension plans.

M. Deferred Outflows/Inflows of Resources, continued

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City also reports deferred inflows of resources related to their defined benefit pension plans.

N. Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

O. Fund Balance Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

P. Restricted Assets and Restricted Net Position

Restricted assets of the Enterprise Funds represent certain resources set aside for the repayment of revenue bonds because their use is limited by applicable bond covenants.

Restricted net position is equal to the excess of the restricted assets funded from operations over the liabilities to be paid with restricted assets which are due in one year or less. Restricted assets exclude bond proceeds for calculation of reserve.

Q. Fund Balances of Governmental Funds

The City implemented GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, in fiscal year 2011. In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that are not in spendable form (e.g. supplies, inventories, and prepaid items), amounts that cannot currently be spent (e.g. the long-term portion of loans receivable and non-financial assets held for resale), and amounts that are legally or contractually required to be maintained intact (principal of an endowment or revolving loan fund).

Restricted – includes amounts that are constrained by an external party, such as creditors, grantors, contributors, or laws or regulations of other governments. Also included are amounts on which constraints have been placed by law through constitutional provisions or by enabling legislation and are legally enforceable by external parties. Restrictions may be changed or lifted only with the consent of the resource provider.

Committed – includes amounts on which constraints have been placed by the City Council, the City's highest level decision making authority, through the adoption of a resolution which includes the terms "committed for the purpose of". Commitments may only be changed or rescinded through the adoption of a subsequent resolution that shall refer to the original resolution by number. Resolutions committing amounts must be adopted prior to the end of the fiscal year. However, the amount to be committed may be determined within 90 days of fiscal year-end.

Q. Fund Balances of Governmental Funds, continued

Assigned – includes amounts on which constraints have been placed by the City to use for a special purpose. The City Council may assign amounts through the adoption of a motion made during a public meeting of the Council. The City Council also authorizes the City Manager to assign amounts through a written memorandum. Assignments must be adopted prior to the end of the fiscal year; the amount must also be determined prior to fiscal year-end.

Transfers to special revenue, capital projects, debt service, or permanent funds shall constitute assignments and shall be documented through the adoption of the City's operating budgets or subsequent budget amendments. Amounts appropriated to eliminate a projected deficit in the subsequent fiscal year's budget shall constitute assignments and shall be documented through the adopted of the City's operating budgets. Equity amounts reported in special revenue, capital projects, debt service, or permanent funds not otherwise classified as nonspendable, restricted, or committed shall constitute assignments.

Unassigned – includes amounts reported in the General Fund not otherwise classified as nonspendable, restricted, committed, or assigned. Unassigned amounts are the portion of fund balance that is available for any purpose. Governmental funds other than the General Fund shall not report positive unassigned fund balance. Governmental funds shall not report assignments of fund balance which result in negative unassigned fund balance.

Q. Fund Balances of Governmental Funds, continued

The City has established a fund balance target for the General Fund. The fund balance target shall not be less than six months of regular general fund operating revenues or operating expenditures. In calculating the ratio of unassigned fund balance to proposed revenues or expenditures, the latest audited Comprehensive Annual Financial Report (CAFR) shall be compared with the budget in effect when the CAFR is released. The City has established a priority list for designation or appropriation if it is determined there is a surplus (an amount in excess of the upper limit of the fund balance range). If it is determined there is a shortfall (an amount below the lower limit of the fund balance range), the fund balance is to be rebuilt through the following mechanisms in order of priority:

- Distribution of surplus from other related funds as delineated under "Surplus" category.
- An appropriation during the next annual budget process of at least 20% of the difference between the current unassigned fund balance and the fund balance target. If this is not financially feasible, a written plan shall be forwarded by the City Manager to the Council for approval in order to restore the unassigned fund balance to the fund balance target amount within a reasonable time frame. This plan may require reduction of services, increases in taxes, fees, or rates, or some combination thereof.

For the purpose of fund balance classification, the City considers restricted amounts spent first when an expenditure is incurred for which both restricted and unrestricted fund balance is available. Furthermore, the City first considers committed, then assigned, and then unassigned amounts are spent when an expenditure is incurred for purposes of which those unrestricted fund balance classifications are available.

R. Compensation for Future Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and compensation benefits. These will be paid to the employees upon separation from City service. Accumulated unpaid vacation pay amounts are accrued when incurred by the City in the government-wide and proprietary fund financial statements. The liability of the proprietary funds is recorded as an expense and a liability of those funds as the benefits accrue to the employees. In governmental fund types, a liability is recorded only if the benefit has matured.

S. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financial sources while discounts on debt issuances are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

T. Capital Contributions

Federal, state and local government assistance in the form of grants that are permanent in nature and restricted for the construction or acquisition of specific property and equipment is recorded as an asset and as non-operating revenue.

U. Comparative Data and Reclassifications

Comparative total data of the prior period has been presented in the accompanying individual fund financial statements in order to provide an understanding of changes in the City's financial position and operations. Certain 2016 amounts have been reclassified to conform with the 2017 presentation.

3. DEPOSIT AND INVESTMENT RISK

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned. The City has no formal policy, but follows the State of Georgia requirement that all deposits be federally insured or fully collateralized.

Investment Policies

The City's financial policies authorize investment in any securities approved by the State of Georgia for local governments. Authorized investments include certificates of deposit, repurchase agreements, direct and agency obligations of the United States, obligations of the State of Georgia, pooled investment programs of the State of Georgia, and no-load mutual funds of direct obligations of the United States. The City has no investment policy that would further limit its investment choices. The City places no limits on the amount the City may invest in any one issuer of equity or debt securities. Investments are reported at fair value.

Credit Risk

At September 30, 2017, the City has no credit risks.

Interest Rate Risk

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Credit Risk

The City has no formal policy on the amount the City may invest in any one issuer.

3. DEPOSIT AND INVESTMENT RISK (CONTINUED)

Foreign currency risk

The City has no investments denominated in a foreign currency.

4. ACCOUNTS RECEIVABLE

Net accounts receivable at September 30, 2017 consist of the following:

| Major Funds | |
|-------------------------------------|---------------|
| General Fund | \$ 10,837 |
| Enterprise Funds | |
| Water and Sewage | 901,489 |
| Less: Allowances for Uncollectibles | (78,250) |
| Solid Waste | 146,246 |
| Less: Allowances for Uncollectibles | (13,264) |
| | |
| Total Primary Government | \$ 967,058 |

5. INTERGOVERNMENTAL RECEIVABLES

Intergovernmental receivables at September 30, 2017 consist of the following:

| Major Funds General Fund Dahlonega Housing Authority Dahlonega Downtown Development Authority | \$ 1,202 423 |
|---|----------------------------------|
| 2014 SPLOST Lumpkin County Board of Commissioners | 94,264 |
| Water and Sewage University of North Georgia Lumpkin County Board of Commissioners Georgia Environmental Finance Authority | 260,000 90,605 365,280 |
| Total Primary Government | \$ 811,774 |

6. **PROPERTY TAXES**

Property tax rates are set by the City Council each year and are limited by statutory or constitutional provision. Property values are assessed as of January 1st each year. Property taxes for digest year 2016, based upon the assessments of January 1, 2016, were levied on September 20, 2016, billed on October 5, 2016, and due on December 5, 2016. Taxes were delinquent and subject to liens on December 6, 2016.

Property taxes for digest year 2017, based upon the assessments of January 1, 2017, were levied on August 17, 2017, billed on September 15, 2017, and due on November 15, 2017. Taxes were delinquent and subject to liens on November 16, 2017. The property taxes for digest year 2017 are for the 2018 budget and unavailable for fiscal year 2017.

7. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

A summary of interfund receivables and payables as of September 30, 2017 is as follows:

| Due To: | Due From: | Amount |
|------------------|----------------------------|------------------|
| General | Solid Waste | \$ 59,384 |
| Grants | Solid Waste | 476 |
| Water and Sewage | 2014 SPLOST Solid Waste | 144,277 5,972 |
| | | \$ 210,109 |

The balance reported as Due to/Due from represent loans between the borrow fund and the lender fund. Except as noted below, the balances result mainly from the time lag between the dates that (1) reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between the funds are made. All other balances are also expected to be repaid within one year. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

7. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONTINUED)

A summary of interfund transfers as of September 30, 2017 is as follows:

| | Transfers out: | | | | | | | |
|-------------------------------------|--------------------|----|-----------|----|-----------|--|--|--|
| | Major | | | | | | | |
| | General 2014 SPLOS | | | | Total | | | |
| Transfers in: | | | | | | | | |
| Major Funds | | | | | | | | |
| Water and Sewage | \$ 90,000 | \$ | 1,381,564 | \$ | 1,471,564 | | | |
| Grants | 283,128 | | 0 | | 283,128 | | | |
| Nonmajor Funds | | | | | | | | |
| General Government Capital Projects | 393,000 | | 0 | | 393,000 | | | |
| Total | \$ 766,128 | \$ | 1,381,564 | \$ | 2,147,692 | | | |

Interfund transfers are used to 1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, 2) use unrestricted revenues collected to finance various programs accounted for in other funds in accordance with budgetary authorizations, and 3) move capital assets and the related accumulated depreciation between funds. Transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or business-type fund group.

8. CAPITAL ASSETS

Capital asset activity for the primary government for the year ended September 30, 2017 was as follows:

| follows: | Balance 9/30/2016 | | | Increases | Ι | Decreases | Balance 9/30/2017 | | |
|--------------------------------|----------------------|--------------|----|----------------|----|----------------|----------------------|--------------|--|

Decreases in construction in progress for business-type activities consist of projects placed in service in the amount of \$185,801.

8. CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs as follows:

Primary Government

| Governmental activities | |
|---|-----------------|
| General Government | \$ 49,710 |
| Public Works | 220,712 |
| Culture and Recreation | 20,276 |
| Housing and Development | 4,937 |
| Total depreciation expense for governmental activities | \$ 295,635 |
| Business-type activities | |
| Water and Sewage | \$ 1,642,751 |
| Solid Waste | 79,176 |
| Total depreciation expense for business-type activities | \$ 1,721,927 |

9. LONG-TERM DEBT

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities, while revenue bonds are issued for the construction and expansion of proprietary activities. General obligation bonds are direct obligations and pledge the full faith, credit and taxing powers of the City while revenue bonds pledge the revenues of the proprietary activity for repayment of the bond issues.

Revenue Bonds

Revenue bonds have been issued for business-type activities and are comprised of the following individual issues at September 30, 2017:

\$26,865,000 – Series 2015 Revenue Refunding Bonds - In 2015, the City issued refunding revenue bonds in the amount of \$26,865,000. The bonds are issued as term bonds with interest rates from 3.62% maturing September 30, 2042. The purpose of the bonds was to refund the 2008 Water and Sewage Revenue Bonds and Water and Sewage notes payable. The bonds are secured by sales tax proceeds and then from the levy of property tax. As of September 30, 2017, the bonds had an outstanding balance of \$25,555,000.

9. LONG-TERM DEBT (CONTINUED)

Annual debt service requirements to maturity for revenue bonds are as follows:

| Year Ending | | | |
|----------------|---------------|---------------|---------------|
| September 30, | Principal | Interest | Total |
| 2018 | \$ 640,000 | \$ 979,418 | \$ 1,619,418 |
| 2019 | 660,000 | 960,218 | 1,620,218 |
| 2020 | 680,000 | 940,418 | 1,620,418 |
| 2021 | 700,000 | 913,218 | 1,613,218 |
| 2022 | 735,000 | 885,218 | 1,620,218 |
| 2023-2027 | 4,175,000 | 3,923,088 | 8,098,088 |
| 2028-2032 | 4,900,000 | 3,191,430 | 8,091,430 |
| 2033-2037 | 5,860,000 | 2,234,000 | 8,094,000 |
| 2038-2042 | 7,205,000 | 887,000 | 8,092,000 |
| Totals | \$ 25,555,000 | \$ 14,914,008 | \$ 40,469,008 |

Notes Payable

The City has entered into an agreement with the Georgia Environmental Facilities Authority for land and construction of a reservoir, in the original amount of \$6,433,843. At September 30, 2017, the balance of this note is \$5,288,837. Monthly installments of principal and interest are due through January 1, 2045; interest at 3.00%. The payments for this note payable are currently partially funded through transfers from the General Fund.

The City has entered into an agreement with the Georgia Environmental Facilities Authority for rehabilitating a pump station, in the original amount of \$500,000. The amortization commencement date is anticipated to be June 1, 2018. Based on the amortization commencement date, monthly installments of principal and interest are due through April 1, 2028; interest at 0.81%. At September 30, 2017, the balance of this note is \$150,308.

9. LONG-TERM DEBT (CONTINUED)

The City has entered into an agreement with the Georgia Environmental Facilities Authority for installing water lines, isolation valves, fire hydrants, and related appurtenances, in the original amount of \$1,069,000. The amortization commencement date is anticipated to be June 1, 2018. Based on the amortization commencement date, monthly installments of principal and interest are due through April 1, 2033; interest at 1.15%. At September 30, 2017, the balance of this note is \$592,838.

Year Ending September 30, Principal Interest Total \$ \$ 2018 139,710 164,413 \$ 304,123 2019 182,964 160,813 343,777 2020 187,491 156,286 343,777 2021 192,185 151,592 343,777 2022 196,991 146,786 343,777 1,718,885 656,984 2023-2027 1,061,901 2028-2032 1,132,782 516,036 1,648,818 2033-2037 1,086,182 360,739 1,446,921 2038-2042 1,232,287 189,191 1,421,478 2043-2045 619,490 21,979 641,469 6,031,983 Totals 2,524,819 \$ 8,556,802 \$ \$

Annual debt service requirements to maturity for notes payable are as follows:

9. LONG-TERM DEBT (CONTINUED)

Changes in Long-Term Debt

The following is a summary of changes in long-term debt of the City for the year ended September 30, 2017:

| | Balance 9/30/2016 | | | I | Deductions | | Balance 9/30/2017 | | Due Within One Year | |
|--------------------------------|----------------------|----|---------|----|------------|----|----------------------|----|------------------------|--|
| Governmental activities | | | | | | | | | | |
| Compensated absences | \$ 47,972 | \$ | 41,108 | \$ | 47,972 | \$ | 41,108 | \$ | 32,475 | |
| Business-type activities | | | | | | | | | | |
| Notes payable | \$ 5,412,450 | \$ | 743,146 | \$ | 123,613 | \$ | 6,031,983 | \$ | 139,710 | |
| Revenue Refunding Bonds | 26,175,000 | | 0 | | 620,000 | | 25,555,000 | | 640,000 | |
| Unamortized bond premium | 733,189 | | 0 | | 28,200 | | 704,989 | | 0 | |
| Compensated absences | 88,700 | | 98,349 | | 88,700 | | 98,349 | | 77,696 | |
| Total business-type activities | \$ 32,409,339 | \$ | 841,495 | \$ | 860,513 | \$ | 32,390,321 | \$ | 857,406 | |

Revenue bond issue costs and discounts/premiums are amortized over the life of the related debt using the straight-line method. In prior years, long-term liabilities, such as compensated absences, of the governmental activities were liquidated in the General Fund. The total interest incurred and charged to expense for the fiscal year ended September 30, 2017 was \$1,267,696 for business-type activities.

10. PENSION PLAN

Plan Description. The City is a participating member of the Georgia Municipal Employees Benefit System (GMEBS), a state-wide agent, multiple-employer retirement system, administered by the Georgia Municipal Association. This is a defined benefit pension plan, which provides retirement, disability and death benefits to plan members and beneficiaries. The City has established provisions, which assign the authority to the City Council members to establish and amend the benefit provisions of the plan. The City elected to participate in GMEBS as of May 1, 1973, as a result of City Ordinance and a contract between the City and GMA. The Plan's assets may be used only for the payment of benefits to the members of the Plan, in accordance with the terms of the Plan. See Note 2 - Summary of Significant Accounting Policies for reporting of investments. All City employees who work a minimum of forty hours per week are eligible to participate in the Plan after completing one year of service. Mayor and Council are eligible immediately. Benefits vest after five years of service. Participants become eligible to retire with reduced benefits at age 55 with ten years of service. Mayor and Council are subject to the fiveyear minimum service. GMA issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by writing to Georgia Municipal Association at 21 Pryor Street, SW, Atlanta, Georgia 30303.

Control over the operation and administration of the plan is vested with GMEBS along with custody of the plan assets. The plan provides that the City has no liability with respect to payments or benefits or otherwise under the plan except to pay over to GMEBS such actuarially determined contributions as required to meet minimum funding standards of the Public Retirement Systems Standards Law and provide benefits thereunder. If terminated, the plan provides that if there are funds remaining after the satisfaction of all liabilities, such funds shall not revert to the City but shall be allocated to employees. All employees are eligible for immediate participation.

There are no loans to any of the City officials or other "party-in-interest," and there are no prohibited transactions. The plan assets do not include any securities or investments in the City of Dahlonega. The funds are managed by independent money managers.

The annual report and more detailed information regarding the plan can be obtained from the Plan Administrator, the Georgia Municipal Employees Benefit System.

10. PENSION PLAN (CONTINUED)

At January 1, 2017, the date of the most recent actuarial valuation, there were 88 participants consisting of the following:

| Retirees and beneficiaries currently receiving benefits | 30 |
|---|----|
| Terminated vested participants entitled to | |
| but not yet receiving benefits | 14 |
| Active participants | 44 |
| Total number of participants | 88 |

Benefits Provided. The plan provides retirement and death benefits. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 65 with no reduction in benefit. Officials with five years of total service are eligible to retire at age 65 with no reduction of benefits. Members are eligible for early retirement with reduced benefits based on the early retirement reduction table at age 55 after 10 years of service. The benefit formula is 1.80% - 2.25% with a five year vesting schedule.

Contributions. Employees make no contributions to the plan. The City is required to contribute the remaining amounts necessary to fund the plan in compliance with the minimum funding standards of the Public Retirement Systems Standards Law. This funding policy, as specified by ordinance, has been the same since the inception of the plan. The City's actuarially determined contribution rate for the year ended September 30, 2017 was \$255,709, or 16.02% of covered payroll.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions. At September 30, 2017, the City and Component Unit reported a net pension liability of \$1,119,652. The net pension liability was measured as of September 30, 2016, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of January 1, 2017. For the fiscal year ended September 30, 2017, the City and Component Unit recognized pension expense of \$203,869. In prior years, net pension liabilities have been liquidated in the General Fund, Water and Sewage Enterprise Fund, Solid Waste Enterprise Fund, and the Downtown Development Authority Component Unit.

10. PENSION PLAN (CONTINUED)

At September 30, 2017, the City and Component Unit reported deferred outflows of resources and deferred inflows of resources related to the plan from the following sources:

| | Oı | Deferred 1tflows of esources | Deferred Inflows of Resources | | |
|---|----|------------------------------------|-------------------------------------|-----------|--|
| Differences between expected and actual experience | \$ | 106,845 | \$ | (154,385) | |
| Changes of assumptions | | 0 | | (16,811) | |
| Net difference between projected and actual earnings | | | | | |
| on pension plan investments | | 192,178 | | (195,477) | |
| City contributions subsequent to the measurement date | | 278,905 | | 0 | |
| Totals | \$ | 577 <i>,</i> 928 | \$ | (366,673) | |

The \$278,905 of deferred outflows of resources resulting from the City's and Component Unit's contributions subsequent to the measurement date will be recognized as a reduction of the net position liability in the fiscal year ending September 30, 2018. Other amounts reported as deferred outflows and deferred inflows of resources will be recognized in pension expense as follows:

| Year | Defe | rred (Inflows) |
|--------------|------|----------------|
| Ending | 0 | utflows of |
| September 30 | ŀ | Resources |
| 2018 | \$ | (24,170) |
| 2019 | | (24,170) |
| 2020 | | 38,997 |
| 2021 | | (58,307) |
| Totals | \$ | (67,650) |

Actuarial Assumptions. The total pension liability in the January 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.25% |
|-------------------------------|--|
| Projected salary increases | 3.25% plus service based merit increases |
| Cost of living adjustments | 2.00% |
| Net investment rate of return | 7.75% |

10. PENSION PLAN (CONTINUED)

Healthy mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sexdistinct rates, set forward two years for males and on year for females. Disabled mortality rates were based on the RP-2000 Disabled Retiree Mortality Table with sex-distinct rates.

The mortality and economic actuarial assumptions used in the January 1, 2017 valuation were based on the results of an actuarial experience study for the period of January 1, 2010 through June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2016 are summarized in the following table:

| | Target | Long-Term Expected Real |
|----------------------|------------|----------------------------|
| Asset Class | Allocation | Rate of Return |
| Domestic equity | 45% | 6.75% |
| International equity | 20% | 7.45% |
| Real estate | 10% | 4.55% |
| Fixed income | 25% | 5.05% |
| Cash | 0% | |
| Total | 100% | |

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions from employer will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

| Current discount rate | 7.75% | 1,119,652 |
| 1% increase | 8.75% | 426,870 |

Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued Georgia Municipal Employees Benefit System financial report.

Other Plans. In addition to the plan above, various City employees are covered under the Peace Officers' Annuity and Benefit Fund of Georgia. Further information regarding this plan can be obtained from the plan's annual report. This plan is immaterial to the financial statements.

CITY OF DAHLONEGA – NOTES TO THE FINANCIAL STATEMENTS **SEPTEMBER 30, 2017**

11. DEFERRED COMPENSATION PLANS

The City provides retirement benefits for its employees through three deferred compensation plans. The Plans were created under Internal Revenue Code Section 457 and are administered by the Georgia Municipal Association, The International City Management Association Retirement Corporation and Nationwide Retirement Solutions, Inc., independent third parties. Under the terms of the Plans, employees may defer a portion of their salary through voluntary contributions to the Plans. Employees may defer up to the maximum allowed by federal law. Employees may choose to contribute to one or multiple Plans. Amounts held in the Plans are not available to the employees until termination, retirement, death, or unforeseeable emergency.

The City has no fiduciary relationship with the Plans, and Plan assets are not available to the City or its general creditors. The Plan assets are held in trust by the administrators for the exclusive benefit of the participants of the Plans. During fiscal year 2017, plan members made voluntary contributions of \$44,203. Beginning January 1, 2014, the City no longer contributes to any of the deferred compensation plans.

12. HOTEL/MOTEL LODGING TAX

The City has levied a 5% lodging tax, in accordance with Official Code of Georgia Annotated (OCGA) Section 48-13-51(3). The City is required to spend an amount equal to the amount by which the total taxes collected under the Code section exceed the taxes which would be collected at a rate of 3 percent for the purpose of promoting tourism, conventions, and trade shows. A summary of the transactions for the year ending September 30, 2017 follows:

| Lodging Tax Receipts | \$260,125 | |
|---|-----------|----------------------|
| Disbursements to the Dahlonega - Lumpkin County | | |
| Chamber of Commerce | \$260,125 | 100% of tax receipts |

CITY OF DAHLONEGA – NOTES TO THE FINANCIAL STATEMENTS **SEPTEMBER 30, 2017**

13. JOINT VENTURES

Under Georgia law, the City, in conjunction with other cities and counties in the northeast Georgia area, is a member of the Georgia Mountains Regional Commission (GMRC) and is required to pay annual dues thereto. During its fiscal year ended September 30, 2017, the City paid \$6,986 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from Georgia Mountains Regional Commission, PO Box 1720, Gainesville, GA 30503.

On March 6, 1998, the City of Dahlonega, Georgia (City), Lumpkin County (County) and the Lumpkin County Water and Sewage Authority (Authority) formed a joint authority to construct a reservoir. The City and County have signed an agreement to each own 54% and 46% undivided interest in the reservoir assets, respectively. The responsibility of constructing the reservoir and liability for the debt was divided between the City (47.59%), the County (52.41%) and the Authority (0%). A Georgia Environmental Facilities Authority note for which the City and County will be responsible for based on the preceding debt percentages originally funded the project. The City has been paying principal and interest payments based on their percentage of 47.59% during fiscal year 2017. Separate financial statements are not issued for this joint venture.

14. RELATED ORGANIZATIONS

The Housing Authority of the City of Dahlonega is considered a related organization to the City of Dahlonega. The City appoints members to the Authority, but does not have the ability to impose its will or create a financial benefit or burden for the Authority. The Authority provides low-income housing for the individuals in the City of Dahlonega. The City received \$1,093 as payment-in-lieu-of-taxes for 2017. Separate financial statements may be obtained from Housing Authority of the City of Dahlonega, 90 Thompson Circle, Dahlonega, GA 30553.

15. RISK MANAGEMENT

Material estimates have been made by management about the life of depreciated capital assets. Management has used a conservative approach on these estimates.

15. RISK MANAGEMENT (CONTINUED)

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also obligated to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims in the past three years have not exceeded the coverages.

Management estimates liabilities for unpaid claims based on the probability of losses exceeding the occurrence limits and the reasonableness of estimating those losses. At September 30, 2017, the City has no losses that are probable or estimable and accordingly has not recognized any liability.

16. TAX ABATEMENTS

The City is subject to tax incentives granted by the Development Authority of Lumpkin County, an entity created by the State of Georgia and activated by the Board of Commissioners of Lumpkin County ("Authority"). These incentives are negotiated on an individual basis as a reduction of property taxes by percentage of total taxes and have the stated purpose of increasing business activity and employment in the City by allowing localities to abate property taxes for a variety of economic development purposes, including business relocation, retention, and expansion. The incentives may be granted to any business located within or promising to relocate to a local government's geographic area and require the business to enter into a sale-leaseback transaction with the Authority in exchange for tax exempt debt financing for the purpose of locating to the area or expansion of current facilities. In addition to the commitment of the debt financing, the business may also commit to certain economic or employment increases. The incentive agreements contain a provision that the business may lose a portion or a portion of the abatement for that year if the business fails to meet its jobs and/or investment goals.

The City has not made any commitments as part of the agreement other than to reduce taxes.

The following incentive exists for the City:

| | | (| Current |
|------------------------|----------|--------------------|---------|
| | | | Year |
| Purpose | % Abated | % Abated \$ Abated | |
| Koyo Bearings USA, LLC | 60% | \$ | 49,986 |

17. CONTINGENCIES

The City is a defendant in several lawsuits. Management intends to contest these open cases vigorously. The City's legal counsel has stated that the outcome of these lawsuits is not presently determinable.

Note: Fiscal year 2015 was the first year of implementation. Therefore, only three years are reported.

CITY OF DAHLONEGA – NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION SEPTEMBER 30, 2017

1. VALUATION DATE

The actuarially determined contribution rate was determined as of September 30, 2016, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending September 30, 2017.

2. METHODS AND ASSUMPTIONS USED TO DETERMINE CONTRIBUTION RATES

Actuarial cost method = Projected Unit Credit Cost

Amortization method = Closed level dollar for remaining unfunded liability

Remaining amortization period = Remaining amortization period varies for the bases, with a net effective amortization period of 10 years

Asset valuation method = Smoothed market value with a 5-year smoothing period.

Net investment rate of return = 7.75%

Projected salary increases = 3.25% per year with age based scale

Cost of living adjustments = 2.00%

Retirement age for inactive vested participants = 65

Mortality = Healthy mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and on year for females. Disabled mortality rates were based on the Social Security Administration standard rate.

CITY OF DAHLONEGA – NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION SEPTEMBER 30, 2017

3. CHANGES IN BENEFITS

There have been no substantive changes since the last actuarial valuation.

4. CHANGES OF ASSUMPTIONS

There have been no substantive changes since the last actuarial valuation.

ENTERPRISE FUNDS

ENTERPRISE FUNDS ARE USED TO ACCOUNT FOR OPERATIONS THAT ARE FINANCED AND OPERATED IN A MANNER SIMILAR TO PRIVATE BUSINESS ENTERPRISES. THE FUNDS ARE SELF-SUPPORTING IN NATURE WHERE THE COSTS, INCLUDING DEPRECIATION, OF PROVIDING GOODS OR SERVICES TO THE GENERAL PUBLIC ON A CONTINUING BASIS ARE FINANCED OR RECOVERED PRIMARILY THROUGH USER CHARGES.

Water and Sewage Fund

This fund is used to account for activities connected with the development, operation and maintenance of water and sewer services in the City of Dahlonega.

Solid Waste Fund

This fund is used to account for activities connected with the collection and disposal of residential, commercial, industrial, and institutional solid waste in the City of Dahlonega.

STATISTICAL SECTION

This part of the City of Dahlonega's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and supplementary information reveals about the City's overall financial health.

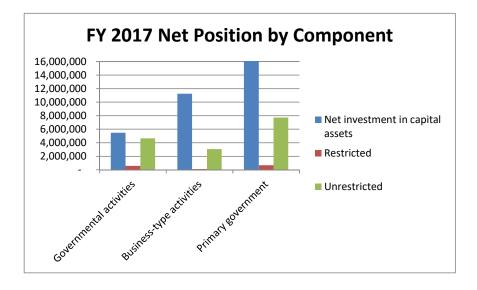

| CONTENTS PAGES |
|--|
| Financial Trends126 - 139 |
| These tables/schedules contain trend information designed to assist the reader in understanding how the City has performed from a financial perspective over time. |
| Revenue Capacity140 - 149 |
| These tables/schedules contain information that may assist the reader in assessing the viability of the City's most significant revenue sources. |
| Debt Capacity150 - 157 |
| These tables/schedules present information designed to assist the reader in analyzing the affordability of the City's current levels of outstanding debt, and the City's ability to issue additional debt in the future. |
| Demographic and Economic Information158 - 159 |
| These tables/schedules offer demographic, economic and statistical information intended to assist the reader in understanding the environment in which the City's financial activities take place. |
| Operating Information160 - 163 |
| These tables/schedules contain service and infrastructure data to assist the reader in understanding how the information in the City's financial report relates to the |

services the government provides and the activities it performs.

Source: Georgia Department of Revenue, Property Tax Division and Lumpkin County Tax Commissioners Office.

Note (1): There was a property revaluation in 2008 that substantially increased real property values.

Note (2): Exemptions Adjustments change due to local legislation passed.

Note: Property in the City is assessed annually. The City assesses property at approximately 40 percent of actual value for all types of real and personal property. Estimated actual value is calculated by dividing assessed value by those percentages. Taxes are per \$1,000 of assessed value.

| Exemption Adjustments | | otal Taxable sessed Value | Total Direct Tax Rate | mated Actual axable Value | Assessed Value as a Percentage of Actual Value |

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Dahlonega. The process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

OTHER REPORTING SECTION

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards*

Honorable Mayor and Members of the City Council City of Dahlonega, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dahlonega, Georgia, as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City of Dahlonega, Georgia's basic financial statements and have issued our report thereon dated February 9, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Dahlonega, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Dahlonega's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Dahlonega's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Dahlonega, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Dahlonega, Georgia's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
