TITLE: UCBI Banking Service Contract Renewal PRESENTED BY: Kimberly Stafford, Finance Manager PRIORITY Strategic Priority - Communication

AGENDA ITEM DESCRIPTION

Review of UCBI Banking Services Contract Renewal

HISTORY/PAST ACTION

Contract Renewal

FINANCIAL IMPACT

The bank is offering the same terms as last year which is an interest rate that is based on their internal non-published board rate referred to as "Index 8" minus 0.35%. This rate adjusts at the first of the month. There is no change to the fees for fraud protection and account services in this renewal. Those fees remain \$400/month. The renewal does allow for an amendment when interest rates stabilize to a more traditional rate paid on a formula basis. The term is for one year to expire on September 30, 2025.

RECOMMENDATION

Staff recommends approval of the UCBI Banking Services Contract with a variable rate and a 30-day termination clause.

NEW BUSINESS

1. FY2025 Budget and Capital Improvements Program

Allison Martin, City Manager

Mayor Taylor stated that we have important new business this evening regarding our budget and our tax digest and millage rate. She turned over the meeting to City Manager Martin.

City Manager Martin stated that the first item on the agenda is to adopt the budget. The council is presented with a resolution to adopt the 2025 fiscal year budget and the Capital Improvement Program that was included in that budget. Manager Martin stated that this was presented to the council, and a public hearing was held as required by the state of Georgia on August 5, 2024. She went on to state that Georgia requires local governments to adopt a balanced budget, so what has been presented to the council across all the funds, are balanced budgets. The general fund, reflects revenues within the tax levy rollback as calculated by the tax commissioner.

The council had discussion about the presented budget and discussed concerns related to staff raises, requested positions and the time to review the information. The council requested clarification that the presented budget reflected the full rollback of the millage rate. Manager Martin confirmed that the full rollback was advertised and is reflected in the documents. The council raised concerns about the city's health insurance renewal and would like the flexibility to review this budget in the future to make changes as needed. Manager Martin confirmed that is an option to the council. In order to meet the county's budget calendar deadline, a vote on this item should be taken at this meeting.

City Manager Martin restated that the positions contained in the final budget were moving the part-time clerk position to full-time, one police officer, a position for sanitation, and two positions for distribution and collection. Manager Martin clarified that the sanitation and distribution collection positions are in the utility funds and are paid via rates not tax revenue.

2. 2025 Tax Digest and Millage Rate

Allison Martin, City Manager

Mayor Taylor turned the meeting to City Manager Martin.

Manager Martin stated the city received the tax digest from the Lumpkin County Tax Commissioner based on property tax assessments from the Lumpkin County Tax Assessor's office. The calculated rollback rate for the 2024 tax digest year is 3.847 mills. To meet the revenue requirements for the fiscal year 2025, the 2024 millage rate of 3.847 is necessary. As required by law, the city held a public hearing on the budget on August 5, 2024. Manager Martin stated that she is asking the council to approve the ordinances. Manager Martin informed the council that the Department of Revenue and Tax Commissioner's offices were assisting in breaking out a portion of the city's millage

rate to reflect a Public Safety millage rate.

Mayor Taylor called for a motion to approve the tax digest and millage rate.

Motion made by Councilmember Brown to approve the 2024 Tax Digest and fix the millage rate at 3.847, Seconded by Councilmember Gaddis.

Councilmember Gaddis stated that the PT 38 form shows a rollback of 5.038 mills for local option sales tax. He stated there is a misconception by some that the city does not roll back the millage rate on the tax bills for sales tax when in fact there is a significant reduction in the millage rate.

NEW BUSINESS

1. Appeal by 7 Pie of Sign Permit Denial

Mayor Taylor introduced this item and turned the meeting over to City Attorney Parks. City Attorney Parks stated that no action would be taken this evening on this item and asked the applicant to come forward and present his case.

Mr. Matthew Garner stated that in the appeal, they laid out a couple of things that they found significant. He stated that the sign had been there for a long time, and nothing had been changed structurally. With the existing conditions and the way parking is laid out, he stated that there would be no visibility of a monument sign on the parcel. He went on to state you would not be able to see it from the street because the rest of the property is on the sidewalk and in the parking spaces. He asks the Council to let them keep things as they are now to prevent any visibility issues for the business.

Councilmember Ariemma stated that his house is further back than the other buildings around the restaurant, so he understands the problem he is facing with visibility. He stated that he agreed with the applicant under the circumstances.

Mr. Nuroff came up and stated that if they had to lower the sign, they would have to remove some parking, which would be a hardship on their business.

Councilmember Shirley asked if the main concerns were shrinking parking and not being visible to the street. The applicant stated that was correct.

Councilmember Gaddis asked if the applicant was stating that putting a monument sign would limit visibility from people pulling out of the restaurant. The applicant stated that was correct.

Councilmember Bagley asked City Attorney Parks to clarify the ordinance with the Mayor and Council Members. City Attorney Parks explained the ordinance to the council.

City Attorney Parks stated that the hearing was concluded.

ORDINANCES & RESOLUTIONS

9. Ordinance 2024-06 Urban Camping

Doug Parks, City Attorney

Mayor Taylor asked City Attorney Parks to review this item with the council.

City Attorney Parks stated that this is a subject matter that is very popular now. The restriction of the use of government facilities for residential use. The Supreme Court stated that the western part of the United States became overwhelmed with campers and in June of 2024, the court's decision was rendered. This is an item that my office and the staff have worked on for quite a while and we held this for a while trying to see what the Supreme Court did. A lot of cities are experiencing what happened on the West Coast. The ordinance as presented limits parks and greenspaces as areas not available for someone to take up residence.

Councilmember Ariemma stated that on Page 5, section 36, act 2, part b, it talks about prohibited acts that mention not being able to camp, sleep, lay down, or sit. He asked if this included sidewalks.

Councilmember Bagley asked, after the Supreme Court Case, whether we took this document from others or created it ourselves.

Councilmember Ariemma asked if it was okay if they slept on private property.

11. Asphalt Leveling and Resurfacing City Streets LMIG LRA Project #2024-008 Vince Hunsinger

Strategic Priority - Infrastructure

Mayor Taylor asked Capital Projects Manager Vince Hunsinger to speak on this item.

Capital Projects Manager Hunsinger stated that this item informs the Council of the result of the bid to complete asphalt leveling and resurfacing of various city streets in Dahlonega, identified as LMIG LRA Project #2024-008. LMIG LRA is supplemental money GDOT gives local governments over and above the normal LMIG. This project results from Public Works' annual assessment of city streets and helps achieve resurfacing goals found in our Road Maintenance Plan. The Bid Opening for this project was July 9, 2024. Four bids were received for this project. The lowest bid was \$159,355.39 from Colditz Trucking. The budget for the project as of July 12, 2024, is \$216,355.39, a combination of funds from the City's SPLOST fund for the LMIG grant match and the GDOT Local Maintenance & Improvement Grant Program, GDOT has sent the city a check for \$103,284.73, and the City of Dahlonega's cost would be around \$56,070.66. Public Works staff recommends a 10% contingency be added to this project to cover runover on asphalt quantities for deep patching and driveway aprons. Staff requests the council approve a total project budget of \$175,290.93. The project will be funded by the additional allocation from GDOT LMIG LRA and a fund balance in SPLOST as the collections in this fund are outpacing budget projections.

Councilmember Ariemma asked if the streets that are labeled are cul-de-sacs or complete streets.

Mayor Taylor offers to put this on the consent agenda.

Councilmember Gaddis suggested adding this to the consent agenda, and the rest of the council agreed.

Councilmember Bagley asked if Capital Projects Manager Hunsinger knew when GDOT would finish Morrison Moore Pkwy.

12. Summit Drive Warning Signal Permit

Mark Buchanan, Director of Public Works

Strategic Priority - Effectively Manage Growth

Mayor Taylor asked Director of Public Works, Mark Buchanan to speak on this item.

Director of Public Works Buchanan stated that the City Council has set a zoning condition for each planned new development off Summit Drive that requires a traffic analysis before building permits are issued. Any intersection modifications must be installed and funded by the developers. The study found that a flashing solar beacon should be installed on either side of the intersection in the area depicted on the attached

map. This item went to Lumpkin County for consideration as both beacons fall on county unincorporated parcels that abut Morrison Moore Parkway. Still, the county chose not to act on the request. Staff confirmed that GDOT would accept the request from the City. This is a standard agreement the city has completed for other areas/entities. He stated that the staff recommends that the council approve this item.

Councilmember Shirley asked about the speed limit and what could be done.

Councilmember Ariemma asked where the street light would go.

Mayor Taylor stated that the people in the area were very pleased that this was happening. She then asked if council would like this item moved to the consent agenda.

Council agreed to move to the consent agenda.

13. Lime Slurry System Project

John Jarrard, JWS

Mayor Taylor asked John Jarrard with JWS to explain this item to the council.

John Jarrard stated that in January 2024, the City Council approved the purchase of the double-wall tank for this project to preserve pricing until the city received notice of a pending grant. The city has been awarded \$580,000 towards this project from Congressionally Directed Spending Funds. Staff are ready to move this item forward since we now know the grant funds are awarded and will offset most of the cost of the project. This is a requirement from our insurance carrier. The balance of funding was set aside in the city's capital budget and is sitting in reserves. Any remaining funds will be released and available for use on other projects. The contractor revised his price to account for changes since the bid closed, and that price is still lower than the next most responsive bidder. Grant money was \$580,000. He stated that it is recommended that the Council approve this project.

Councilmember Shirley asked who wrote the grant.

Mayor Taylor asked the council if they would like to move this item to the consent agenda. Council agreed to move this item to the consent agenda.

CITY REPORTS:

2. Financial Report - June 2024

Allison Martin, City Manager

Mayor Taylor asked City Manager Martin to present the June 2024 Financial Report. City Manager Martin provided an update on the city's financial performance for the year. She reported that the annual property tax bills were issued and mailed by the Tax Commissioner on October 1st, with a due date of December 1st. She stated that the city has collected 98.08% of the budgeted 2023 property taxes. Sales tax collections

continue to perform well, with current collections reflecting a 4.47% increase over Fiscal Year 2023. This positive trend has been bolstered by recent changes in state law regarding internet sales taxation. Additionally, the Insurance Premium Tax revenue for the year stands at \$667,217, representing a 22.37% increase from the previous fiscal year, driven by a pro-rata population formula. Revenue from Alcoholic Beverage Tax and License has shown a slight increase compared to the previous year, while permit revenue has also exceeded last year's figures due to adjustments in the fee schedule. Department expenditures are aligned with budget expectations. Regarding the Downtown Development Authority, operational results are proceeding as planned with the budget. In the Hotel/Motel Tax Fund, tax revenue collections saw a significant rise of 13.49% in Fiscal Year 2024 compared to Fiscal Year 2023. This increase is attributed to changes in legislation affecting third-party online booking agencies and the addition of new hotels. For the Water and Sewer Fund, water and sewer sales are trending in accordance with budget projections, with revenue 4.78% higher than the previous fiscal year. All department expenses are consistent with budget expectations. In the Solid Waste Fund, Refuse Collection Charges have seen a 2.15% increase over the prior year, and expenses are in line with the budget. Finally, in the Stormwater Enterprise Fund, transfers in and indirect charges reflect a nine-month allocation. Stormwater utility charges, first billed in January 2021, are meeting budget expectations, with expenses associated with the utility's startup, projects, and staff pay and benefits.

Councilmember Shirley asked a question about the permits and fees. He stated that a budget of around \$73,000 is now up to \$269,000. He asked what was the reason for that. A sign application for 7 Pie was denied, and an appeal from that denial was then filed. The Council held a hearing regarding the appeal, in which it considered the applicant's evidence and arguments. Pursuant to the Code, the Council must now enter a decision in writing. The suggestion is to approve the written decision.

Councilmember Ariemma recused himself from the vote because the restaurant is located on a parcel adjacent to Councilmember Ariemma.

Mayor Taylor called for a motion.

Motion made by Councilmember Gaddis to deny the appeal, Seconded by Councilmember Bagley.

Councilmember Shirley stated that he looked into the ordinance and stated that there are somethings that would deny the applicant of some common rights. He thinks that the sign has been there for a while, and he suggests that the council look at the different aspects of this sign.

Councilmember Bagley asked when the city started enforcing the ordinances. He stated that there are no perfect layouts for every sign. He asked the council to think about the people who put these ordinances into place before them. He stated that they are pleased that 7 Pie has come to Dahlonega.

5. FY2025 Budget Review

Allison Martin, City Manager

Mayor Taylor asked City Manager Martin to review the proposed budget

City Manager Martin presented the Proposed FY2025 Recommended Budget, highlighting its aim to enhance service levels while adhering to conservative fiscal management practices. The budget follows key guiding financial principles which include balancing revenue sources with expenditures, maintaining fund balance reserves and coverage ratios, enhancing existing programs, and investing in capital and lifecycle replacement projects.

The FY2025 Budget proposes a 4% increase in utility rates. It continues the city's commitment to debt reduction, addressing obligations with the Georgia Environmental Finance Authority (GEFA) and bond issues. Staffing will see growth with the addition of one full-time Police Officer, two positions for the Water Distribution/Collection crew, one Sanitation Worker, and the transition of a part-time Clerk to full-time status. Additionally, the 5-Year Capital Improvement Program will be sustained and funded. Notable updates include the Water & Sewer Master Plan, the TSPLOST-funded Morrison Moore Pedestrian Bridge, a security gate for the Wastewater Treatment Plant, and engineering work for the Upper Crown Mountain Water Tank. The budget also includes compliance with Lead & Copper Service Line Inventory requirements and SPLOST-funded projects such as improvements to Johnson Street's stormwater system, replacement of a damaged excavator, and new equipment for sanitation operations.

However, the budget faces some concerns, notably increased insurance costs. The Health Insurance Renewal is expected to rise by 25%, significantly higher than the anticipated 8%. The city's broker is currently exploring alternative options to manage these costs.

The timeline for finalizing the FY2025 budget involves seeking Council's guidance on the proposed positions, rate increases, and insurance issues. Finance will then balance and publish the budget, with a public hearing scheduled for August 5, 2024, at 7 pm. The final adoption of the budget is planned for August 19, 2024.

There was a conversation between staff, Mayor, and Councilmembers about the FY2025 Budget Review.

Sam McDuffie, Executive Director of the Convention and Visitor's Bureau, stated that he appreciates everything the City has done for them. He stated that it would be 43.75% verses a fixed amount in the contract for the past couple of years.

Mr. Gordineer also read Lumpkin County's taxation ad and asked why there was a difference in what the county levied between incorporated and unincorporated residents. - Assuming no change in employee deductions
- UHC rates include
 2.5% bundling
 discount by adding
 dental and vision
- Note: Emergency
 Room is "Deductible

 instead of copay
- UHC's Choice Plus network is very similar to Anthem's POS network

What is an HSA?

HSA stands for Health Savings Account. An HSA may be funded by both the City and employees and is designed to cover medical, dental, and vision expenses not covered under the insurance.

- Only available to employees if they enrolled in the HSA 4000 plan (option #4 must be enrolled in a High Deductible Health Plan to be compatible for HSA per IRS guidelines)
- City could contribute certain dollar amount. Example:
 - Employee Only \$500 Contribution
 - Employee + Spouse or Employee + Children \$750 Contribution
 - Employee + Family \$1,000 Contribution
 - With current census of employees on the "Base" \$3,000 deductible plan, it would cost the City \$22,000 in HSA contributions (18 EE only, 4 E+S, 4 E+C, 7 FAM)
- Would be administered by AdminAmerica (\$4.50 PEPM fee)
- Employees receive a Visa Debit card
- Employee contributions are tax free
- Unused dollars rollover year-to-year
- The account is owned by the employee and will remain active post employment if funded (individual pays admin fee if no longer an active employee)

TITLE: Koyo Lift Station Rehab Buy American Change Order

PRESENTED BY: Allison Martin, City Manager
PRIORITY Strategic Priority - Infrastructure

AGENDA ITEM DESCRIPTION

Koyo Lift Station Rehab Buy American Change Order

HISTORY/PAST ACTION

The City was award Congressionally Directed Spending Funds for the Koyo Lift Station Project. The funds are administered by the EPA. As the grant writers, engineer, and staff navigated the EPA's rules and regulations, it was discovered there is a Buy American provision attached to the \$580,000 in funds the city is receiving. \$74,337.92 is the cost of Buy American. There are adequate funds in fund 505 to cover this cost.

FINANCIAL IMPACT

There is no adverse impact as the grant funds have relieved funds in our Water/Sewer Enterprise Fund.

RECOMMENDATION

It is the recommendation of staff to approve the change order.
