This ingredient is used for all of our caramel products.

The supplier is the best we've found.

Receiving this grant would help us get this quantity, which would help us further save money. More importantly, it would assist us greatly with cashflow, as we'll go through these 16 quickly.

We are a small business that will use the grant to help build out our inventory for Christmas. We need to order in September to get merchandise in stock in time for the season. Being a smaller shop, it can be expensive to meet the minimums required by several of our vendors, and the grant would help offset that burden. We could also use it to help with the increased prices of chocolate.
