**CITY PARK PLAYGROUND EQUIPMENT DESIGN
AND INSTALLATION RFP #2026-004**

ADDENDUM 1

Addendum Issue Date: April 28, 2026
Addendum Subject: Revised Flooring Footprint
Addendum Page Numbers: 1

In response to the pre-proposal meeting question regarding trees, the City has chosen to save all the trees in the work zone. As an example, the shape below accomplishes this task and is roughly 11,000 square feet. Again, proposers are encouraged to submit their own ideas and shapes, in keeping with the tire-derived-products requirement and consistent with the \$203,000 flooring grant award.
