Firm Name _____

Signature Date _____

Typed Name and Title _____

**City of Dahlonega
465 Riley Road
Dahlonega, GA 30533**

This Addendum, including all questions and answers, shall become and form a part of the original RFQ package and shall be taken into account when preparing your proposal.

There are three additional area classes to be added to this project:

3.10 Utility Coordination

6.05 Hazardous Waste Site

The purpose of this addendum is to provide the answers to the written questions received during the question and answer period of the RFQ Phase as follows:

	Questions	Answers
1.	When is this project expected to go to bid for contractors and what is the expected start date for construction?	Late 2031 is estimated for bid and start date for construction.
2.	Please confirm if area classes 1.06a, 106c, and 106d are not required. Or is this a typo? They are not listed in the area class table.	1.06a, 106c, 106d are required area classes.

3.	Please confirm if area class 1.07 is required. It's not listed in the area class table, but we are required to have a Public Involvement Key Team Lead.	1.07 is a required area class.
4.	Please confirm if surveying is part of this project. It's not listed in the area class table, but we are required to have a Survey Key Team Lead.	Yes, a Survey Key Team Lead is required.
5.	Please confirm if no Bridge Key Team Lead is required. Area class 4.01(a) is required in the area class table but there is no Bridge Lead in the Key Team Leads required.	4.01(a) is a required area class. Please include Bridge Key Team Lead in your statement of qualifications.
6.	On pages 12-13 Insurance Requirements. Company can comply with these requirements, except that #7 Fidelity Bond – this is not typically required when the services called for is “Preliminary Engineering and Design Services”. This Fidelity Bond is typically required when the services asked for involve handling money or engineering services. Will the city hold everyone to this requirement?	The Fidelity bond referenced in #7 is not required anymore.
7.	Please confirm that the following GDOT Area Classes are not needed (as they are not listed in the RFQ.) 5.01 Land Surveying, 5.02 Engineering Surveying, 5.03 Geodetic Surveying	5.01 Land Surveying, 5.02 Engineering Surveying are required area classes. 5.03 Geodetic Surveying is not a required class.
8.	Would you be open to posting it to an additional vendor network to increase visibility, at no cost and without changing your existing process?	No, thank you.
9.	Please provide clarification on the limits on the project. The project title is from School Drive to Mountain View Drive, but the description is from Mountain View Drive to Indian Drive.	The project limits are Indian Drive and just north of Mountain View Drive.
10.	There does not appear to be a bridge within the project limits. Is the 4.01 (a) pre-qual required for wall design?	Yes.
11.	Please provide clarification on the limits on the project. The project title is from School Drive to Mountain View Drive, but the description is from Mountain View Drive to Indian Drive.	The project limits are Indian Drive and just north of Mountain View Drive.
12.	There does not appear to be a bridge within the project limits. Is the 4.01 (a) pre-qual required for wall design?	Yes, 4.01(a) is required due to wall design.
13.	The Key Team Leaders list includes the following that do not appear to be covered in the Prequalification requirements table – should the Area Classes noted below in parenthesis be added? a. Environmental Design Lead (1.06a, 1.07?) b. Survey Lead (5.01, 5.02?) c. Public Involvement (1.06a, 1.07?)	Yes, 1.06(a), 1.07, 5.01, and 5.02 are required areas classes.
14.	The RFQ title identifies the project limits as School Drive to Mountain View Drive; however, Exhibit I states that the approximately 1.14-mile project begins near the intersection of Mountain View Drive, could you please confirm the intended project limits for this solicitation?	The project limits are Indian Drive and just north of Mountain View Drive. For clarification, School Drive is located within the project limits, but it is not the project terminus.
